Our libraries now offer an online option called **Beanstack** that students can use to log their reading and library activities for our 2017 Summer Reading Program. A link to **Beanstack** can be located on our web site, www.moglibraries.org. By logging your progress on **Beanstack** you will earn free books and if you reach your goal you will be entered in a drawing for this year's grand prizes. If you have questions about **Beanstack** or any of this summer's programs please call your library. Remember that **library programs are free and open to the public.**

THE AMAZING AUTHORS CLUB

Teens will explore the unique buildings of Glynn County and then produce an illustrated book of these amazing structures. Local artist Sally Gazaway will instruct the club members in watercolor illustration and guide them in the creation of their book. The book will become a part of the libraries' collection. Each club member will be given a copy of the book. An art show of the illustrations will be held at the library in August.
